

Internal Articulation Agreement

Articulation Agreement between BA Psychology and MA Applied Behavior Analysis

I. Statement of Purpose

- a. This Internal Articulation Agreement (the “agreement”) has been entered into by the BA Psychology and MA Applied Behavior Analysis programs at The Chicago School of Professional Psychology (the “institution”). The purpose of this agreement is to facilitate credit articulation and provide a smooth transition from a degree program to a related, higher level degree. The agreement allows advanced BA Psychology students to substitute courses from BA Psychology with courses from MA Applied Behavior Analysis as specified in Appendix A, thus reducing the time and cost of degree completion for MA Applied Behavior Analysis. It is further recognized that the attached appendix shall describe the approved courses, and the admissions eligibility is specified in Paragraphs V and VI. This agreement identifies all required and equivalent courses.

II. Terms and Conditions of Credit Transfer and/or Degree

- a. The evaluation and transfer of earned college credits and/or degree credits shall be in full compliance with institutional policies and all other state and Federal education policies pertaining to credit transfer. Program specific requirements and/or required courses/degree are listed and defined in Appendix A of this agreement. Students will be subject to the required admissions requirements of MA Applied Behavior Analysis. Students taking advantage of any benefits provided under this agreement remain subject to all other institutional policies and requirements not otherwise specifically addressed in this agreement.
- b. It is recommended that BA Psychology students indicate their interest in taking the selected courses in MA Applied Behavior Analysis a full year in advance to ensure availability of classes.

III. Length of the Agreement

- a. This agreement shall be valid until May 31, 2025. Thereafter, the agreement will be reevaluated for renewal.
