I. Statement of Purpose

- a. This Internal Articulation Agreement (the “agreement”) has been entered into by the MA Applied Psychology and MA Clinical Mental Health Counseling programs at The Chicago School of Professional Psychology (the “institution”). The purpose of this agreement is to facilitate credit articulation and provide a smooth transition from a degree program to a related, higher level degree. The agreement allows advanced MA Applied Psychology students to substitute courses from MA Applied Psychology with courses from MA Clinical Mental Health Counseling as specified in Appendix A, thus reducing the time and cost of degree completion for MA Clinical Mental Health Counseling. It is further recognized that the attached appendix shall describe the approved courses. This agreement identifies all required and equivalent courses.

The evaluation and transfer of earned college credits and/or degree credits shall be in full compliance with institutional policies and all other state and Federal education policies pertaining to credit transfer. Program specific requirements and/or required courses/degree are listed and defined in Appendix A of this agreement. Students will be subject to the required admissions requirements of MA Clinical Mental Health Counseling. Students taking advantage of any benefits provided under this agreement remain subject to all other institutional policies and requirements not otherwise specifically addressed in this agreement.

- b. It is recommended that MA Applied Psychology students indicate their interest in taking the selected courses in MA Clinical Mental Health Counseling a full year in advance to ensure availability of classes.

III. Length of the Agreement

- a. This agreement shall be valid until December 31, 2027. Thereafter, the agreement will be reevaluated for renewal.
- b. Either degree program may terminate this agreement at any time, following institutional procedures.

IV. Details of Publication of Agreement

- a. The details of this agreement will reside in the institution's Academic Catalog and will include the process for articulation to another degree program, the specific courses, and the admission eligibility requirements.
